## **ExLibris** Esploro

## Increase the competitiveness of your research enterprise

The office of research plays a key role in improving the impact and efficiency of research activities. Yet too often, lack of visibility into research output, manual workflows, and partial metrics harm overall effectiveness.

## With Ex Libris Esploro, you can:

- Showcase all research output and data, across all disciplines.  $(\checkmark)$
- Put research information in one place to improve expert finder,  $\bigcirc$ pre-award proposals, reporting, and compliance.
- Reduce the burden on researchers with auto-generated profiles.  $(\checkmark)$
- Understand what is published and by whom and easily produce  $\bigcirc$ activity reports.
- $(\checkmark)$ Provide researchers with easy access to funding opportunities.
- Get benchmarks across researcher, faculty and institution.  $(\checkmark)$
